I. INTRODUCTION

akaBot is at the forefront of transforming the future of *robotic process automation*. The software is designed to serve businesses of different sizes. For businesses who have a high volume of human labor, **akaBot** provides a reliable technology that adds impetus to their innovation and profitability.

This document aims to give you a step-by-step instruction on **how to activate akaBot Studio & Agent** for **STANDALONE license**. STANDALONE license is provided through akaBot License Management System and is activated directly without needing akaBot Center.

Before activation, please make sure you have successfully installed **akaBot Studio & Agent**. Detailed instruction on Installation is attached in Licensing Email.

Thank you and Enjoy automating with akaBot.

II. ACTIVATE AKABOT STUDIO & AKABOT AGENT

Before you start:

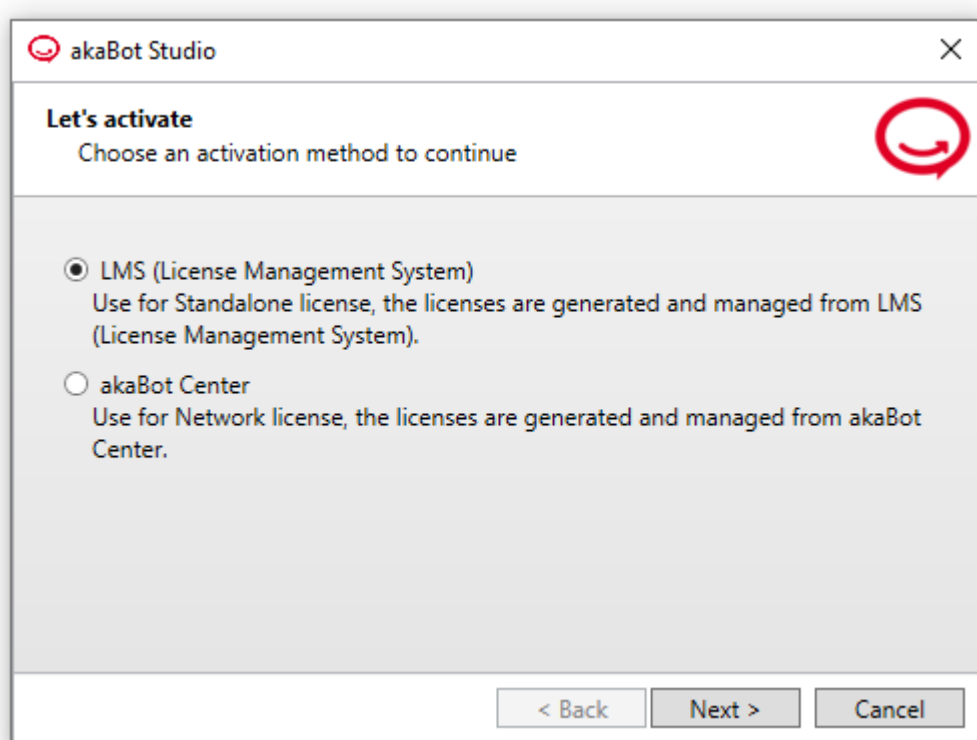

1. Make sure you have successfully installed akaBot Studio & Agent. Detailed instruction is available in Standalone Installation Guide provided in the Licensing Email.
2. Studio Activation and Agent Activation are similar. Apply the following guidelines to activate both Agent & Studio.

Step 1: Open akaBot Studio / akaBot Agent

If you have successfully installed akaBot, you should find akaBot Studio & Agent shortcuts on your desktop. Open the component you want to activate. An Activation prompt will show up.

Step 2: Choose an Activation Method

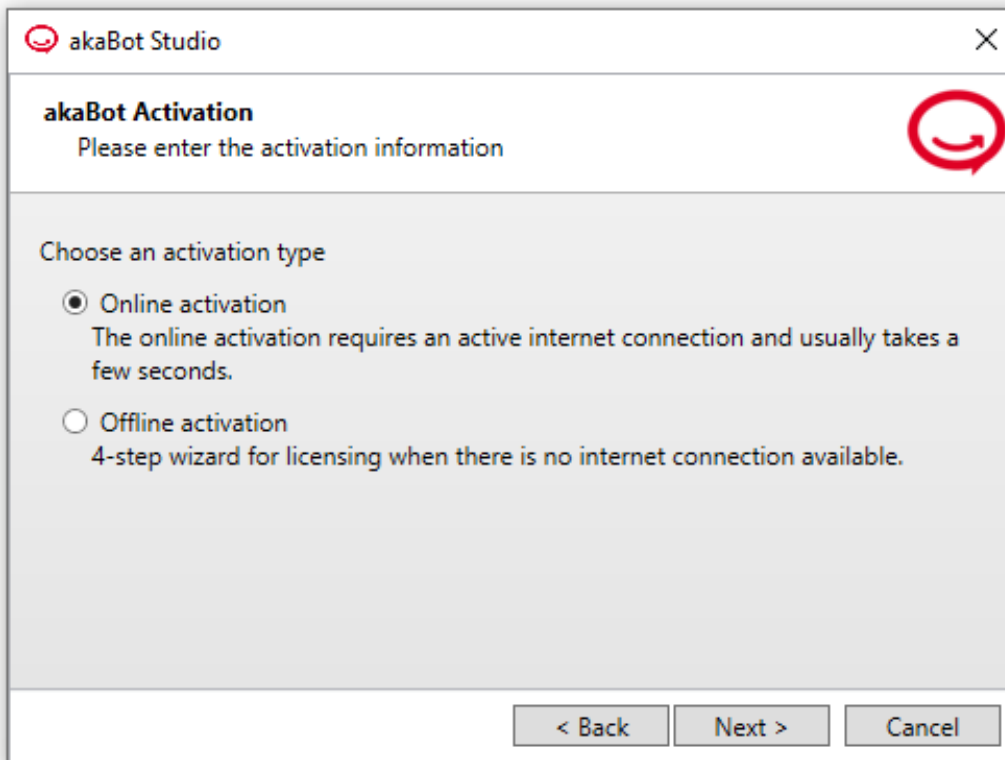

Since you have a STANDALONE license, please choose “**LMS (License Management System)**” as the activation method. Click “**Next**”.

Step 3: Choose an Activation Type

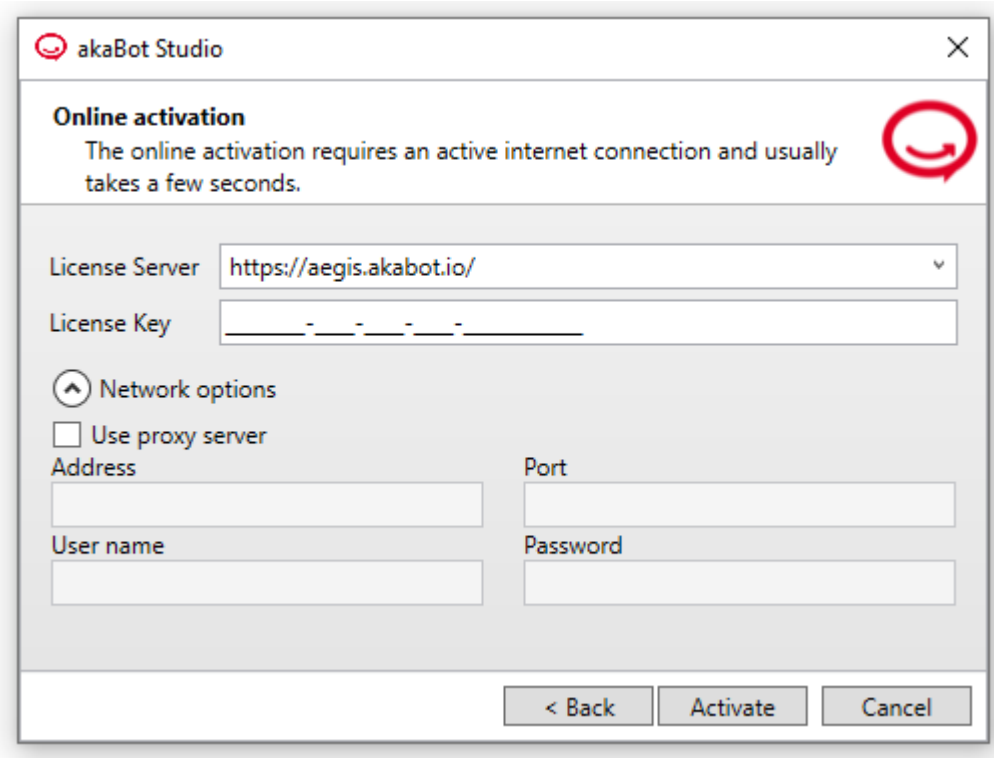

There are 2 types of Activation: Online and Offline. You can choose either one to continue.

- **Online Activation:** This is the recommended option. Online Activation will require an active internet connection & only take a few seconds.
- **Offline Activation:** If you want to activate akaBot on a machine with no Internet connection, you can choose Offline Activation.

3.1. Online Activation

Choose “**Online Activation**”. Click “**Next**”. The Online Activation prompt will show up.

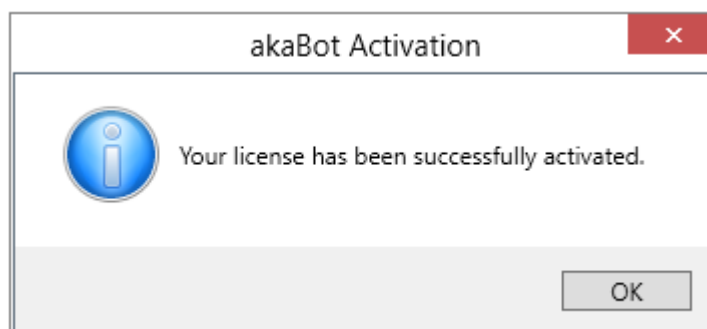

Please follow the guideline on the prompt to fill out the necessary information. You will need:

- **License Server:** Please enter <https://aegis.akabot.com/>
- **License Key:** Please enter the license key provided in the Licensing Email.
- **Network Options (Optional):** If you use Proxy Server, please open fill in the Proxy Info under Network Options.

Click “**Next**”.

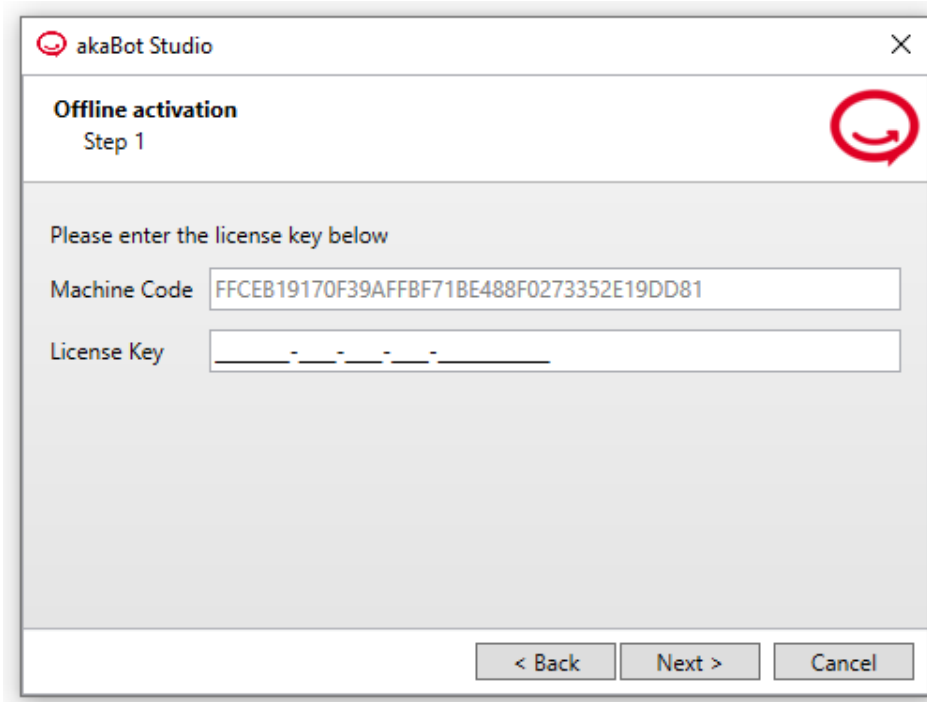

If you see the prompt below, you have successfully activated akaBot Studio / akaBot Agent.

3.2. Offline Activation

Choose “**Offline Activation**”. Click “**Next**”. The 4-step Offline Activation Wizard will show up.

Step 1: Enter the License Key provided in the Licensing Email. Click “**Next**”.

The screenshot shows the 'Offline activation Step 1' dialog box in akaBot Studio. It contains the following text and fields:

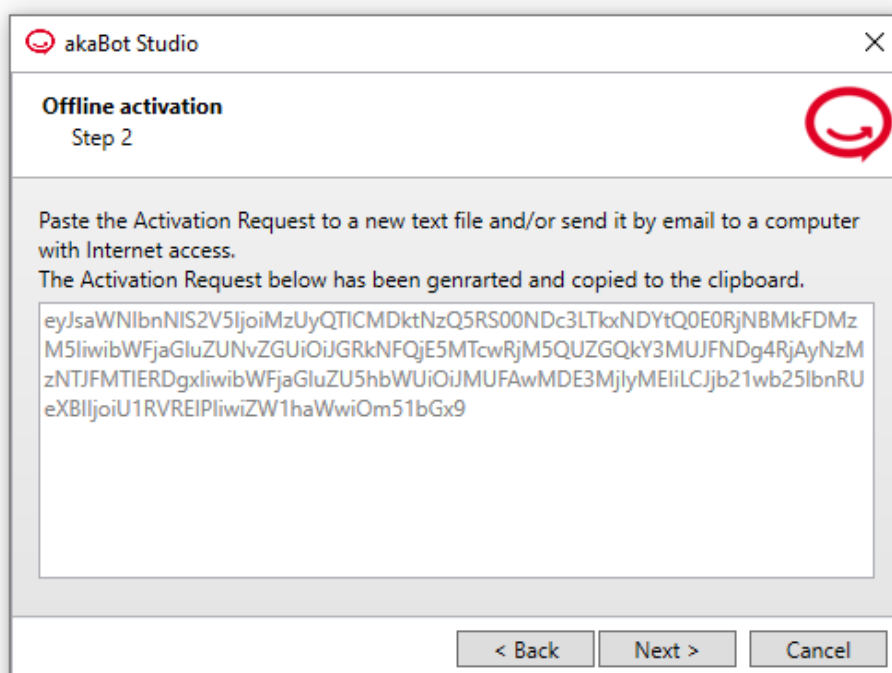

Please enter the license key below

Machine Code: FFCEB19170F39AFFBF71BE488F0273352E19DD81

License Key: _____

Buttons: < Back, Next >, Cancel

Step 2: Send Activation Request to Activation Server. The Activation Request is the text generated in the below textbox. Copy & send this to a computer with Internet Access. Click “**Next**”.

The screenshot shows the 'Offline activation Step 2' dialog box in akaBot Studio. It contains the following text and a text area:

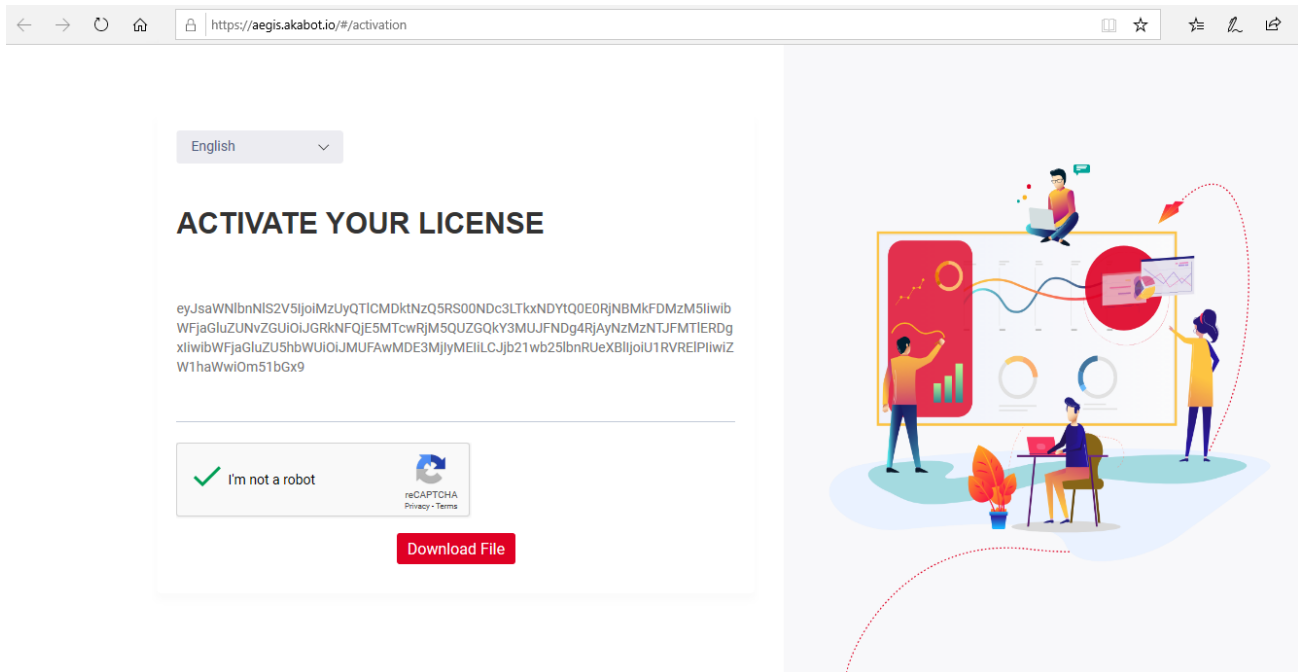

Paste the Activation Request to a new text file and/or send it by email to a computer with Internet access.

The Activation Request below has been generated and copied to the clipboard.

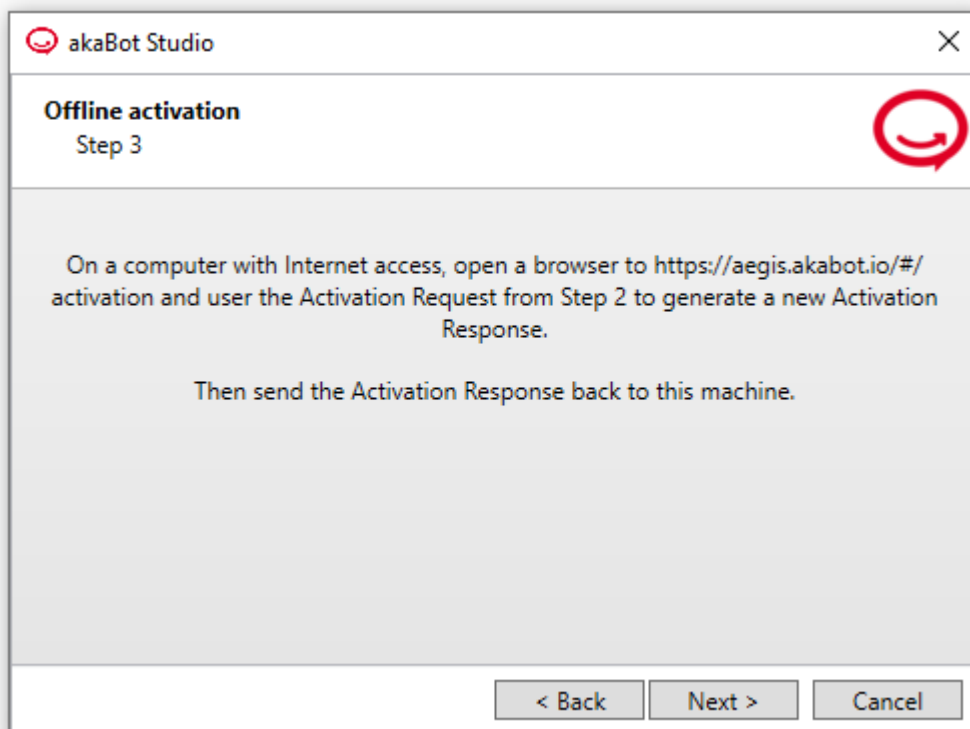

eyJsaWNlbnNIS2V5JjoiMzUyQTICMDktNzQ5RS00NDc3LTkxNDYtQ0E0RjNBMkFDMz M5liwibWFjaGluZUNvZGUuOiJGRkNFQjE5MTcwRjM5QUZGQkY3MUJFNDg4RjAyNz MzNTJFMTIERDgxlwibWFjaGluZU5hbWUuOiJMUFAwMDE3MjlyMEliLCJjb21wb25lbnRU eXBlljoiU1RVRElPlwiZW1haWwiOm51bGx9

Buttons: < Back, Next >, Cancel

Step 3: Go to <https://aegis.akabot.io/#/activation> . Paste the Activation Request you have copied from Step 2 in the box under **“Enter Activation Request”**. Select the Captcha. Then Click **“Download File”** . You will receive a text file named *Activate.txt*. This is the Activation Response.

Go back to the Activation Wizard below. Click **“Next”**.

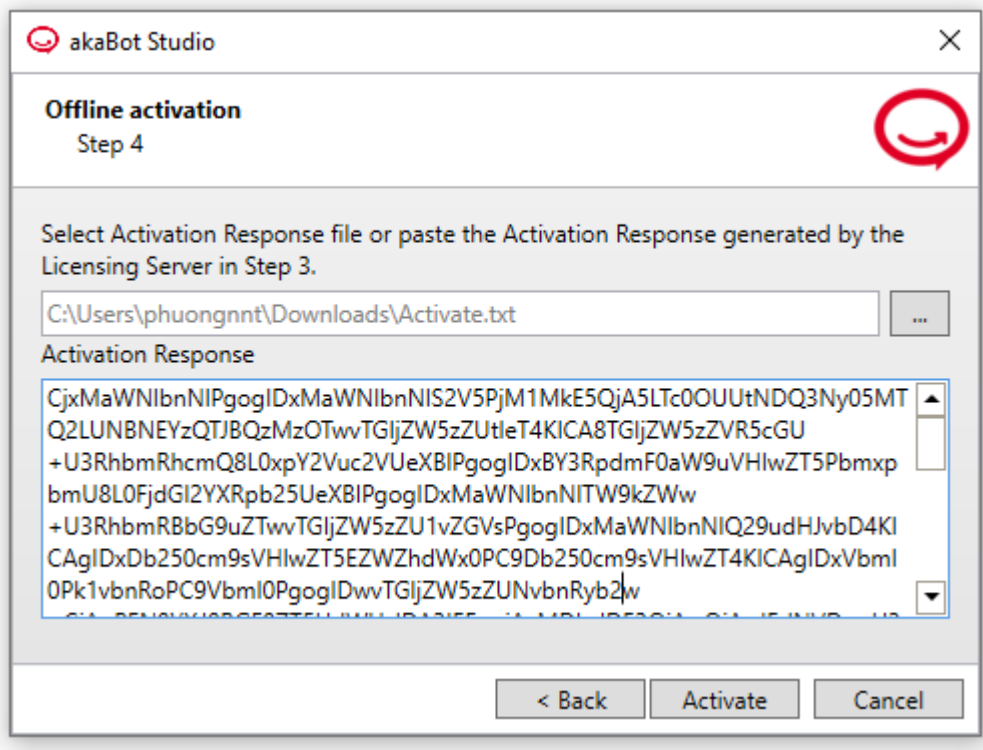

Step 4: Enter Activation Response. There are 2 ways to do this.

Open the *Activate.txt* file you have downloaded in **Step 3**. Copy & paste the Activation Response into the Activation Response box.

OR

Click on  button. Navigate to *Activate.txt* file.

Click “**Activate**”.

If you see the prompt below, you have successfully activated akaBot Studio / akaBot Agent.
